

# Kangaroo Island

## Antechamber Bay

### Ecocabins

*A natural paradise between the beach and the river*

- ❖ Abundant birdlife and wildlife including Tammar wallabies
- ❖ Comfortable ecocabins
- ❖ Magnificent beach and river
- ❖ Just 19km from Penneshaw

**Great for fishing, nature walks, touring, water activities, or just relaxing in your very own secluded Ecocabin!**

#### The setting:

A tranquil experience with nature, or a base for your adventures, Antechamber Bay self-contained Ecocabins offer you:

- A superb and naturally beautiful location
- A magnificent beach and the Chapman River only metres away
- Eco-friendly environment and information
- Walking trails amongst native wildlife including Tammar Wallabies
- Cosy Ecocabins as a base for touring, adventure or relaxing

#### Each Ecocabin includes:

- Accommodation for up to 8 people (a double bed in the master bedroom, two double bunks in bedroom 2 and a futon sofa bed in living area)
- Slow combustion wood heater (wood supplied)
- Undercover deck with barbecue
- Low energy South Australian made fridge/freezer (70L)
- Solar powered lighting and rainwater
- Gas 2 burner stove & grill
- Kitchen with basic cooking and eating utensils (8 person settings)

Bring your own linen. A torch for the penguin walk and fishing gear for the river or beach is also recommended!

Both cabins share a locally and uniquely designed shower and toilet facility boasting latest alternative energy concepts and clever 'Australian' design.

#### Activities:

Antechamber Bay is a great place for:

- Canoeing on the Chapman River
- Fishing (river & beach)
- Water activities
- Walking trails including Historic, Penguin, Wallaby and Bird-watching walks
- BYO outdoor activities
- Visiting the Dudley Peninsula tourist attractions, eg Sunset Winery & Cape Willoughby Lighthouse

You will need a few days to a week to explore and experience all the Island has to offer - Remember, you need a day or two to stay and explore the Bay, reflect on all you have seen or just to admire our views!

#### Prices:

Prices are always very competitive and depend on the time of year and number of guests. Offpeak starts from \$140 per cabin for 2 nights. Special discount rates apply for week bookings and returning visitors!

- Arrange your travel to KI (Ferry, plane, etc) or ask for our assistance
- Confirm your booking with payment/deposit
- Pack for your trip using the complimentary checklist
- Collect the key
- Relax and enjoy!

### Eco features of the Property

All buildings have solar-powered lighting and each cabin has a solar-powered refrigerator. Rainwater is collected from all buildings and stored in a series of interlinked tanks for use in the cabins and Amenities Centre. Hot water for showers is solar heated. The toilets are self-composting with solar powered fans to make your experience a pleasant one. These toilets are odourless!

### Historic Area

Antechamber Bay, named by Matthew Flinders, has quite a colourful history. There are many historical sites of interest in the area, including an historic marker for the last full-blooded Tasmanian Aboriginal woman who lived and died in this region, remains of an old jetty that was used by the sealers in the 1800s and grave sites for early settlers in the area dating back to the mid-1800s.

### Fishing

Whiting can be caught off the beach year round at Antechamber Bay with mullet and salmon often in abundance around Easter. A deep-sea aquatic reserve has been proposed approximately 100m out from the shore to protect the unique underwater features in the area.

### Birds and Wildlife

There are more than 260 species of birds that have been recorded on the Island. Antechamber Bay is home to many of these including the Superb Blue Wren and Crimson Rosellas. The property is also home to many Tammar Wallabies and Rosenburg Sand Goannas.
